Dear DPA,

Pitt Plastics is proud to announce that effective September 11, 2012, we have been acquired by Inteplast Group, one of the largest flexible packaging manufacturers in the world with manufacturing facilities throughout North America and Asia. This acquisition will significantly increase our presence in the Jan/San, Foodservice and Healthcare market segments. Further, it will greatly enhance our portfolio of products, brand names, services, and global resource maximization capabilities. The result will be more energy and resources focused on you, our valued customers. Please visit [www.inteplast.com](http://www.inteplast.com) for details about our new organization.

Over the next few months we will be implementing our transition plan, which will address changes in our company name, contract information, customer service, and payables/receivables processes. Information on these upcoming changes and others will be clearly communicated on a weekly basis. Let us assure you, this transition will in no way disrupt our working relationship.

In the meantime, please continue to communicate with our company in your present manner. Our commitment to quality and customer service remains the same.

If you have any questions or concerns on the acquisition, please do not hesitate to contact either of us at 800-835-0366 x 5713, Randy Orscheln ([randyo@pittplastics.com](mailto:randyo@pittplastics.com)) or 800-896-3222 x 8065, Ronnie Chang ([rchang@inteplast.com](mailto:rchang@inteplast.com)).

We are very excited about the many growth opportunities afforded to us by joining the Inteplast Group and look forward to strengthening our business relationship.

Sincerely,

Randy Orscheln

Vice President of Sales  
Pitt Plastics
